

Wendy ,

I thought you would like to see what my Daughter found out about you:

Mom,

Eddie called and had me find out about Golden Acres Farm, the gal I work with has a list of good and bad breeders. This breeder has a A1 listing, they are great breeders, do right by the dogs and do not sell to pet shops or puppy mill people.

Very Good Plus as they DNA the males (who can carry along genetic issues) and this male is clear. They have a good history of breeding for the breed standard and not to pump out dogs for sale.

Good luck and hope you find your perfect little girl, I saw photos of mom and dad and they are beautiful.

They also have a FB page where you can see good photos of parents, did not see any yet of the current ones but they are on their website: <http://www.facebook.com/pages/Golden-Acres-Farm/295018563611>
