

Hi Don and Wendy

Well, it has been almost a year since we have gotten Sonshine from you and I have loved every minute of it. As his name reflects, he is the Sonshine of my life. Such a sweet guy and oh, so looks like his dad. I go back and look at your home page to see Max and see so much of Sonny.

Anyway, here are a few pictures of my Sonshine graduating from obedience and STAR and one just acting silly. How proud are we?????? (-)  
Hope you enjoy.

Carla

I have attached a few pictures of Ellie, she is already 38 pounds!!! She is very obedient and loves to perform on command.

Thanks,

Hi,  
We are glad to hear from you. Of course, our Ben is too much! Our 4 legged children keep our lives full. Thank you for sharing your baby with us! Ben, our handsome dude!

My husband, Larry gave someone at our vet's office your card, they thought Ben was beautiful and of course very sweet.

We'll keep you posted on his growth.

Dear Ralph family:

Thank you for your last. WE took Polly for her first visit to the vet on Thursday, 3/25. Being a Golden retriever man himself, his eyes lit up when he saw our beautiful little girl and pronounced her the classic Golden retriever puppy.

With warm regards,

Jeanne and Pat Greaney

Hi Wendy,

We decided to name our boy Chance. He and his big brother are getting along just fine. The puppy is not afraid of the big boy at all.

The Vet said he is in good shape, he weighs almost 10 lbs.

Paul wanted me to find out what kind of food you were using. We bought Puppy Chow and he seems to love it but maybe you would recommend something else.

I will forward some pics too.

Have a Happy Easter,

Cathy Galloway
